they are merely recognized there."

YOUR JOURNEY · 6 LEVELS · 1 DESTINATION

1	2	3	4	5	6
STARTER	FOCUSED	CONSISTENT	LOCKED IN	UNSTOPPABLE	ELITE

THIS IS NOT A PLANNER.

This Is A Mission.

Most planners fail because they treat you like an adult who just needs more boxes to fill in.

LOCK IN does not treat you that way.

LOCK IN treats you like someone who is capable of more — and is finally ready to prove it.

For 90 days, you will follow a system. Not when you feel like it. Every. Single. Day.

You will track. You will score yourself. You will face your failures honestly.

And you will transform — not because motivation struck — but because you built the architecture of a different person.

THE RULES.

01 Never miss twice. One miss is human. Two misses is a decision.

02 Score yourself honestly. Ego is the enemy of growth.

03 The system works if you work it. No shortcuts. No exceptions.

04 Compete only with yesterday's version of you.

05 Identity first. Behavior follows belief.

"Locked in means: I already decided. The only question is execution."

YOUR 90-DAY JOURNEY

FIVE PHASES. ONE TRANSFORMATION. ZERO EXCUSES.

IDENTITY + COMMITMENT

Sign thecontract —make it real. Write your 90-day goal with clarity and specificity.

Define your 3 non-negotiable daily habits. Read the manifesto. Internalize the rules.

- You shift from 'trying' to 'decided'.

DAYS 2–7 FOUNDATION PHASE

- Use DailyPlanner Version A(simple). Track 3 core habits — no more.
- Morning routine: plan before you scroll. Evening reflection: 3 honest sentences.
- You break autopilot. New patterns take root.

DAYS 8–30 DISCIPLINE BUILD PHASE

- Upgradeto Daily Planner VersionB(advanced). Add 2 more habits to your tracker.
- Begin weekly planning every Sunday. Weekly review every Friday — score yourself.
- Consistency replaces motivation.

DAYS 31–60 EXECUTION PHASE

- Execute your90-day goals —breakintomonthly targets. Use the priority matrix for every task.
- Eliminate distractions ruthlessly. Mid-point review: adjust strategy, not standards.
- You produce more in 30 days than most in 6 months.

DAYS 61–90 ELITE PHASE

- Systemsrun onautopilot.Youoptimize. Mentorship mode: your discipline inspires others.
- Plan your next 90-day cycle. Document your transformation — before vs after.
- You are no longer who you were on Day 1.

YOUR LEVEL SYSTEM

Every week you earn a score. Your score unlocks your level. Your level is your identity.

1	**STARTER** You showed up. That matters. Most don't.	**0–49 pts** Week1–2
2	**FOCUSED** You're building the habit of showing up.	**50–64 pts** Week2–4
3	**CONSISTENT** Your streaks are real. Your identity is shifting.	**65–74 pts** Week4–6
4	**LOCKED IN** Discipline is no longer forced. It's who you are.	**75–84 pts** Week6–8
5	**UNSTOPPABLE** Others notice. You don't slow down.	**85–94 pts** Week8–11
6	**ELITE** You operate at a level most people only dream about.	**95–100 pts** Week12+

WEEKLY SCORE BREAKDOWN

Morning Routine Completed (7 days)	**20 pts**
All Top-3 Daily Priorities Done	**25 pts**
Habit Tracker — Full Streaks	**20 pts**
No Procrastination on Priority #1	**15 pts**
Sleep 7–9 hrs (5+ nights)	**10 pts**
Weekly Review Completed	**10 pts**

NOTES:-

MILESTONE REWARDS

Streaks are proof. Every milestone you hit is evidence that you are becoming someone different.

7-DAY STREAK

Foundation Forged

You proved you can show up when you don't feel like it. That's the whole game.

UNLOCK

30-DAY STREAK

Consistency Unlocked

One month of discipline. Your brain has rewired. Old you is already gone.

UNLOCK

60-DAY STREAK

Execution Machine

Two months in. People around you have noticed. Stay locked in.

UNLOCK

90-DAY COMPLETE

ELITE STATUS ACHIEVED

You did what most people talk about and never do. Document this. Plan Day 91.

UNLOCK

THE NEVER MISS TWICE RULE

Miss once. You're human. Miss twice. You're making a choice.

One miss resets nothing. Two misses resets everything. Come back the next day. No excuses. No ceremonies.

NOTES:-

WHO YOU ARE NOW
vs. Who You Become

YOU NOW		YOU IN 90 DAYS
Waits for motivation	→	**Executes regardless of mood**
Plans but doesn't act	→	**Acts, then optimizes**
Breaks streaks without guilt	→	**Never misses twice — ever**
Scrolls instead of focusing	→	**Locks in for deep work daily**
Vague goals and wishes	→	**Clear targets with daily actions**
Reactive to life	→	**Architects their life intentionally**
Inconsistent effort	→	**Systems that run like clockwork**

WHAT HAPPENS IF YOU FOLLOW THISFOR 90 DAYS

WEEK 1	You break autopilot. The chaos gets a container.
WEEK 2-3	Your streaks start to feel like identity. Skipping feels wrong.
MONTH 1	Your environment changes. Your mornings change. Your output triples.
MONTH 2	People close to you notice. You start turning down things that don't serve you.
MONTH 3	You've built something most people never have: a system that works without willpower.
DAY 90	You are not the same person who signed that contract. Plan the next 90 days.

NOTES:-

COMMON FAILURES

FAILURE **Over-planning, under-executing**

WHY: You love the feelingof planning. It mimics progress. It isn't progress.

FIX: Set a rule: 30 minutes of planning max per week. The rest is execution time.

FAILURE **Missing day 1 or 2 and giving up**

WHY: You think a miss meansthe systemfailed. It doesn't. You just need to come back.

FIX: Invoke the Never Miss Twice rule. Show up tomorrow. No speech needed.

FAILURE **Setting goals you don't actually want**

WHY: You chosethegoal becauseitsounds impressive.Not because it drives you.

FIX: Rewrite your 90-day goal tonight. Make it something that scares and excites you equally.

FAILURE **Skipping the weekly review**

WHY: The weekly reviewis whereimprovementhappens. Without it, you repeat the same week.

FIX: Block Friday 6–7pm. Non-negotiable. Even 15 minutes is enough.

FAILURE **Tracking too many habits at once**

WHY: Tracking 10 habitssounds good. Managing 10 habits creates cognitive overload.

FIX: Start with 3. Add habits one at a time only after streaks are consistent.

FAILURE **Waiting until you 'feel ready'**

WHY: You will never feel completelyready. Thesystem is designed to be started imperfectly.

FIX: The contract you signed is your ready signal. Begin now. Refine as you go.

NOTES:-

THE LOCK IN CONTRACT

This is not a goal-setting exercise. This is a declaration. Read it. Mean it. Sign it.

I,

have decided. I am done waiting. I am done negotiating with who I used to be. I am done starting Monday. I am done 'trying'. Today I commit to becoming the person I am capable of being. I will use this system every day for 90 days. I will never miss twice. I own every result — good or bad. No excuses. I compete with yesterday's version of me, and no one else.

DATE

IF YOU QUIT:

Your goal stays a wish.
The version of you that could have existed — won't.
Every day you delay is a vote against the person you claim you want to be.
Quitting is a habit too. Don't practice it.

NOTES:-

DECIDE.

The version of you that could have existed — won't, if you don't.
